

# Task Force on Neuromuscular Blockade Management Guideline

## Task Force on Neuromuscular Blockade Management Guideline

The Task Force on Neuromuscular Blockade Management Guidelines has been set-up in order to provide the rationale and scientific basis for the use of neuromuscular blocking agents in current anaesthesia practice.

The Task Force will offer a set of recommendations for neuromuscular blockade management

## Composition

### Chairpersons

**Thomas Fuchs-Buder**

### Members

Arash Afshari
Radmilo Jankovic
Ana-Marija Hristovska
Hans de Boer
Massimo Lamperti
Heidrun Lewald
Massimiliano Sorbello
Peter Kranke

Maria Pop
Carolina Soledad
Denis Schmartz
Jochen Hinkelbein
Jan Schmitz
