

# BCSAC 2023

| Date                   | Start (CEST)       | End (CEST) | Timing hh:mm | Lecture  | Examiner Full Name       |  |
|------------------------|--------------------|------------|--------------|--|--------------------------|--|
| Friday, 16 June 2023   | 15:30              | 15:45      | 00:15        | Welcome to the BCSAC   | María Estibaliz Alsina   |  |
|                        | 15:45              | 16:30      | 00:45        | Anaesthetic Equipment  | Andrea Kollmann Camaiora |  |
|                        | 16:30              | 17:30      | 01:00        | Physics  | Andrea Kollmann Camaiora |  |
|                        | 17:30              | 17:50      | 00:20        | Q&A  |                          |  |
|                        | 17:50              | 18:00      | 00:10        | Break  |                          |  |
|                        | 18:00              | 18:30      | 00:30        | Principles of Pharmacokinetics                                     | Frederique Servin        |  |
|                        | 18:30              | 19:00      | 00:30        | Principles of Pharmacodynamics                                     | Frederique Servin        |  |
|                        | 19:00              | 19:20      | 00:20        | Q&A  |                          |  |
|                        | Total lecture time |            | 02:45        |  |                          |  |
|                        | Total time         |            | 03:50        |  |                          |  |
| Date                   | Start (CEST)       | End (CEST) | Timing hh:mm | Lecture  | Examiner Full Name       |  |
| Saturday, 17 June 2023 | 08:30              | 09:10      | 00:40        | EKG / Images (excluding US)  | Zeev Goldik              |  |
|                        | 09:10              | 09:40      | 00:30        | Local Anaesthetic  | Paulo Sá Rodrigues       |  |
|                        | 09:40              | 10:10      | 00:30        | Opioids  | Paulo Sá Rodrigues       |  |
|                        | 10:10              | 10:30      | 00:20        | Q&A  |                          |  |
|                        | 10:30              | 10:40      | 00:10        | Break  |                          |  |
|                        | 10:40              | 11:10      | 00:30        | Intravenous Anaesthetic  | Vlad Kushakovskiy        |  |
|                        | 11:10              | 11:50      | 00:40        | Paediatric Anaesthesia   | Vlad Kushakovskiy        |  |
|                        | 11:50              | 12:10      | 00:20        | Q&A  |                          |  |
|                        | 12:10              | 12:20      | 00:10        | Break  |                          |  |
|                        | 12:20              | 13:05      | 00:45        | Principles of Airway Management                                    | Andrey Varvinskiy        |  |
|                        | 13:05              | 13:55      | 00:50        | ENT and Maxillofacial Surgery Anaesthesia, including pediatric ENT | Andrey Varvinskiy        |  |
|                        | 13:55              | 14:15      | 00:20        | Q&A  |                          |  |
|                        | Total lecture time |            | 04:25        |  |                          |  |
|                        | Total time         |            | 05:45        |  |                          |  |

| Date                 | Start (CEST)       | End (CEST) | Timing hh:mm | Lecture  | Examiner Full Name                |
|----------------------|--------------------|------------|--------------|--|-----------------------------------|
| Sunday, 18 June 2023 | 08:30              | 09:30      | 01:00        | Respiratory Anatomy & Physiology   | María Estibaliz Alsina            |
|                      | 09:30              | 10:00      | 00:30        | Acute Lung Injury and Respiratory and Management on ICU  | María Estibaliz Alsina            |
|                      | 10:00              | 10:45      | 00:45        | Inhaled Anaesthetic  | Başak Ceyda Meço                  |
|                      | 10:45              | 11:05      | 00:20        | Q&A  |                                   |
